Maricopa County has an aggressive strategy to provide accessibility for all citizens to its programs, activities, and services, as required by the American with Disabilities Act (ADA.) The County's ADA Transition Plan, which defines architectural modifications needed in more than 250 building sites, has been completed. Removal of accessibility barriers is underway, and we are working with building owners to achieve compliance at leased facilities. Accessibility will be assured programmatically until construction has been completed. The Maricopa County Self-Evaluation is in progress. Our ADA compliance efforts are overseen by a Citizens Advisory Council. A sign language interpreter, alternative format materials, or infra-red assisted listening devices are available with seventy-two (72) hours notice. Additionally reasonable accommodations will be made available to the extent possible within the time frame of the request.

Dated this 23rd day of January, 2001.
